

CONFERENCE ON ADVANCES IN IT AND ROBOTICS 2021

22-26 March 2021

*School of Computer Science & Robotics
Tomsk Polytechnic University*

<http://msit.tpu.ru/>

Tomsk, Russia

Registration is open until
March 9, 2021

Tomsk Polytechnic University would like to cordially invite you to participate in International Conference on Advances in IT and Robotics, which will be held online on 22-26 March 2021.

SESSIONS:

1. Artificial Intelligence and Machine Learning
2. Digitalization, IT and Digital Economy
3. Computer Graphics and Design
4. Virtual and Augmented Reality
5. Big Data Technology in Industry
6. Mechatronics and Robotics
7. Automation of Technological Processes and Production

The Conference Organizing Committee also offers to attend **IEEE TRAINING SCHOOL IN MACHINE LEARNING FOR WIRELESS COMMUNICATIONS** that will be held online on 24-26 March 2021. Postgraduate and undergraduate students in computer science, IT, electronics, telecommunication engineering, and early-stage researchers in the wide field of communications are particularly encouraged to attend but not limited. Background in the machine learning field is not mandatory.

Please fill out the registration form at <http://msit.tpu.ru/eng> and upload a paper until **March 9, 2021**.

PARTICIPATION FEE: \$ 50

The participation fee is paid only when the registration is approved.
